PLEASE COMPLETE FORM IN FULL

<u>PRODUCER</u>	<u>SAMPLE BROUGHT IN BY</u>
Surname: _____	Surname: _____
Name: _____	Name: _____
Farm: _____	Farm: _____
Address: _____ _____ _____	Address: _____ _____ _____
Postal code: _____	Postal code: _____
VAT no.: _____	VAT no.: _____
Tel. no.: _____	Tel. no.: _____
Cell no.: _____	Cell no.: _____
Fax no.: _____	Fax no.: _____
e-mail: _____	e-mail: _____
Order no: _____	
Account to: <input type="checkbox"/> Producer <input type="checkbox"/> Other (Specify invoice address)	
Invoice Address: _____ _____	

INFORMATION ON CROP	
Crop: Apple <input type="checkbox"/>	Nectarine <input type="checkbox"/>
Apricot <input type="checkbox"/>	Table grapes <input type="checkbox"/>
Pear <input type="checkbox"/>	Wine grapes <input type="checkbox"/>
Plum <input type="checkbox"/>	Fynbos <input type="checkbox"/>
Peach <input type="checkbox"/>	Other (Specify): _____
Cultivar: _____	Age / Plant date: _____
Rootstock: _____	Nursery: _____
Sample: Complete plant <input type="checkbox"/>	Certified material? _____
Leaves <input type="checkbox"/>	Distribution of symptoms:
Fruit <input type="checkbox"/>	<input type="checkbox"/> Single plants (Enkele plante)
Shoots <input type="checkbox"/>	<input type="checkbox"/> In patches (Kol-kol)
Stem/Trunk <input type="checkbox"/>	<input type="checkbox"/> Scattered (Verspreid)
Roots <input type="checkbox"/>	<input type="checkbox"/> Large area (give ± % of block affected)
Soil <input type="checkbox"/>	Appearance: <input type="checkbox"/> Sudden <input type="checkbox"/> Gradual
Other (Specify): _____	On: <input type="checkbox"/> New <input type="checkbox"/> Maturing <input type="checkbox"/> Old growth
Soil type: _____	Water source: _____
Terrain: <input type="checkbox"/> Sloped <input type="checkbox"/> Level <input type="checkbox"/> Low	Drainage: <input type="checkbox"/> Good <input type="checkbox"/> Moderate <input type="checkbox"/> Poor
Irrigation: _____	

General remarks

Last three fungicides and/or insecticides applied? _____

Fertilisers used recently: _____

Herbicides applied: _____

Previous nematode analysis: YES NO Date of analysis: _____

Reason for this analysis / Description of symptoms / Comments: _____

ANALYSIS REQUIRED #

Plant Pathology

		Please indicate # of samples ↓	Price / sample
Fungal pathogens	Visual identification (No report)		Free
	Visual identification with report		R 297.00
	Isolation from plant material		R 800.00
	Isolation from soil / ARD		Price on request
Bacterial pathogens	PCR analysis		R 740.00
Phytoplasm	PCR analysis		R 770.00

Entomology / Nematology

Nematodes	Soil and root analysis		R 210.00
Bud analysis	Bud analysis for mites (Cost per bunch of 12 canes - 3 buds per cane)		R 220.00
	Bud analysis for fertility (incl. bud mites)		R 6.85
Mealybug Trap counts			R 28.00
Insect & Mite Identification	Visual identification (No report)		Free
	Visual identification with report		R 297.00
	Red spider mite analysis (per sample, max. 10 plants per sample)		R 260.00
	Cyclamen mite analysis (per sample, max. 10 plants per sample)		R 210.00
	Taxonomic ID up to species level (AcFR:)		Price on request
Other (specify):			Price on request
On Farm Consultation	Km-tariff (price per km)		R6.13
	Travel time rates (price per hour)		R286.00
	Consultation - time on farm (price per hour)		R572.00

Prices valid from 1 April 2019

Signature: _____

Date: _____

- Please note - No results will be sent out before proof of payment is received.

Prices include 15% VAT
