ARC Infruitec-Nietvoorbij hosts 37 finalists of the National Expo for Young Scientists

Thirty-seven finalists accompanied by 9 adults, on their way to participate at the national Expo for Young Scientists in Boksburg, visited the ARC Infruitec-Nietvoorbij to see “research in action”. The bigger Stellenbosch Expo region (including the West Coast, Boland, Overberg, Southern Cape and Bellville area) is one of 28 Expo regions in the country where school learners commit to doing a practical research project, using the scientific method.

Talks and demonstrations were done by various Divisions of ARC Infruitec-Nietvoorbij to encourage the learners and trigger them to follow a career in agrisciences. Learners were exposed to soil and water science, horticulture, micro biology, wine technology and cultivar development.

CAPTION: Finalists of the National Expo for Young Scientists touring the Nietvoorbij Wine Cellar in Stellenbosch

Ends

Issued on behalf of the ARC Infruitec-Nietvoorbij by Public Relations Officer: Derusha Rangasamy
